

Dear Speaker,

We would like to record your presentation during....., such that:

1. There will be a formal multimedia archive of this presentation
2. Those who were unable to attend your presentation can still see the presentations online

Your presentation will be recorded by Collegerama in rich-media format. This means that you will be recorded with a camera and your digital presentation (media) will be captured simultaneously. For more details please visit www.collegerama.nl

There are two ways in which Collegerama will provide the recording:

1. In case of a live-broadcast, the recording can be watched during the event. You can be seen live by an online audience.
2. Collegerama makes an offline recording of an event, of which the recordings will be published afterwards.

Within three days after the recording of your presentation, the final recordings (edited if necessary) will be made available online. The link to this video can be requested at the organization of this event.

The video can only be viewed online; it is not available as downloadable video.

By signing this form, you give your explicit consent for your presentation to be recorded and included in our video archive.

If you wish to have this recording taken offline in the future, please contact us.

I give explicit consent for my presentation to be recorded, included in the video archive & made available for online playback:
